Le Chocolat Maxime Frédéric at Louis Vuitton

Fine chocolate has become another expression of the Louis Vuitton savoir faire. Following its success in Paris, Singapore and Shanghai, Le Chocolat Maxime Frédéric at Louis Vuitton opens its first US location and presents a range of signature bars and specialties handcrafted by the renowned chef pâtissier and his team in their Paris kitchens.

Inspired by House Codes, Le Chocolat Maxime Frédéric at Louis Vuitton displays an array of sweet treats for all tastes, ranging from classic chocolate bars, gift sets and hazelnut bonbons, to more creative displays of chocolate-making prowess, such as the Vivienne on a Malle (trunk) – a music box inspired centerpiece which when set in motion with a simple twist of a chocolate key, sees the Maison's mascot pirouettes atop a Louis Vuitton trunk.
